

U.S. TENT RENTAL AND LINENS BY THE SEA MOVE TO NEW LARGER WAREHOUSE LOCATION

This September, U.S. Tent Rental and Linens by the Sea, owned by Brian, Cliff and Tim Boyle, has moved into a new warehouse location at 7600 Matoaka Road in the city of Sarasota in Manatee County, Florida, to better serve clients' needs for party rentals by enlarging its warehouse facilities and logistic capabilities, to offer a larger showroom for more clients to enjoy and to increase the company's wholly owned subsidiary Linens by the Sea's operating space since it has been rapidly growing and adding new linen fashion linens.

The warehouse the company vacated to move to the new one was a 20,000 sq. ft. facility that was acquired in 2007 at 2006 72nd Dr. E. This property along with an additional 20,000 square feet of nearby space was used to house U.S. Tent's ever expanding party rental inventory. As the business continued to grow, more storage room was needed for current and future needs. The new location has an 80,000 sq ft warehouse with 10 loading docks and double the amount of office and showroom space than the previous building. In fact, the lot upon which the warehouse sits has an additional 14 acres to increase capacity even further if ever needed. At the current time, there are 13 trucks in operation and linens can be shipped nationwide.

U.S. Tent Rental features an ever expansive inventory of traditional and cutting edge party rentals, tents, lighting, dance floors, lounge furniture and more. This fall, a new style of tent has been added to the current line called a sailcloth tent. The sailcloth tents are made of a lightweight translucent tent top material that is a bit thinner cloth than traditional white vinyl tents and comes with wooden legs and center poles instead of the standard metal. "At U.S. Tent Rental and Linens by the Sea, the quality of our equipment is exceeded only by the quality of our service," said CEO and Treasurer Brian Boyle.
