About U.S. Tent Rental:

In 2001, the Boyle family purchased United States Tent Rental including a handful of tents, tables, chairs, and one old, beat-up truck. With hard work, dedication, and a keen eye for quality, they were able to transform that small rental business into one of the largest event rental companies on Florida's west coast.

The Boyle's attribute the company's tremendous exponential growth to listening to customers' wants and needs, and then with an attentive ear, addressing those needs with unmatched quality, service and a fair pricing model. The organization's goal is to turn important events into lifelong happy memories, and its professionalism creates strong and trusting relationships with its many clients. Every day the team strives to make each special occasion simply amazing with its rental offerings.
